

Task 1:

You want to read the Carolina Summer Reading Program book for this summer: *Being Mortal*, by Atul Gawande. Show how you'd find a copy of the book.

Task 2:

Your professor has asked you to read this journal article:

Musical Sound Quality in Cochlear Implant Users: A Comparison in Bass Frequency Perception Between Fine Structure Processing and High-Definition Continuous Interleaved Sampling Strategies

By Jiradejvong, Patpong; Limb, Charles J; Carver, Courtney and Roy, Alexis T.

Journal: Ear and Hearing

Show how you'd find that article.

Task 3:

You want to get into app development, and a friend told you the library had this e-book as a good resource:

Beginning App Development with Parse and Phonegap, by Wilkins Fernandez

Show how you'd find that e-book.

Task 4:

You need to watch the streaming movie Hoop Dreams. Show how you'd find it.

Task 5:

You need to get to the library's collection of online Dissertations & Theses, which is called Proquest Dissertations & Theses.

Show how you'd find that resource.

Task 6:

Show how you'd start research for a paper on this topic:

How attitudes toward genetically modified food have changed over time
